

True or False:

- 1.1 T F The most dangerous part of any gun is the safety. (TL-p6,r)
- 1.2 F T When shooting too low on the target, the rear sight should be adjusted upward. (TL-p23,l)
- 1.3 T F If you want the BB to hit further to the right, you should adjust the rear sight downward. (TL-p23,l)
- 1.4 T F The most important things to remember in firing a shot is: breath control, trigger squeeze, follow-through and your neighbor's sight picture. (TL-p15,r)
- 1.5 T F If someone hands you a gun, and they told you it was unloaded, you do not have to check for yourself. (TL-p8,r)
- 1.6 F T We have learned four types of gun carries. (TL-p10,r)
- 1.7 T F A rifle shoots small round pellets called shot. (TL-p6,l)
- 1.8 F T Sights are not important when shooting a shotgun. (TL-p6,r)
- 1.9 F T "I didn't know the gun was loaded," is no excuse for an accident. (TL-p8,r)
- 1.10 F T The largest size shot is "Size 000" and the smallest is "Size 12". (TL-p7,l)
- 1.11 T F When three hunters are walking single file, the center person should use the "marching" carry. (TL-p11,r)
- 1.12 F T A shotgun has a smooth bore barrel. (TL-p6,l)
- 1.13 T F A rifle has a smooth bore barrel. (TL-p6,r)
- 1.14 T F A shotgun can shoot nearly three miles. (TL-p6,l)
- 1.15 T F The first thing you do as you are picking up a gun is point the muzzle in a safe direction. (TL-p8,l)
- 1.16 T F It is safe to shoot at water. (TL-p9,l)
- 1.17 F T The dominant eye or "Master Eye" is the one that focuses directly on a given object. (TL-p14,l)
- 1.18 T F A BB gun is very safe and can be treated like a toy. (TL-p8,l)
- 1.19 F T The most dangerous part of any gun is the muzzle. (TL-p6,r)
- 1.20 T F Shotguns shoot small pellets called bullets. (TL-p6,l)
- 1.21 T F A shotgun that has a Damascus Barrel is safe to use with modern shotgun shells. (TL-p6,r)
- 1.22 F T If your shotgun or rifle barrel becomes clogged with mud, you should not try to shoot. (TL-p7,r)
- 1.23 F T Bullet sizes are called calibers. (TL-p7,r)
- 1.24 T F A good rule to follow is treat every gun as if it were unloaded. (TL-p8,r)
- 1.25 T F A .22 rifle can fire a .22 caliber bullet further than a mile-and-a-half. (TL-p7,r)
